## **Culp To Participate in Water Tower Research Insights Conference On April 14, 2026**

April 13, 2026

HIGH POINT, N.C. (April 8, 2026) – Culp, Inc. (NASDAQ: CULP), a leading provider of fabrics for bedding and upholstery fabrics for residential, commercial, and hospitality furniture and other applications, today announced that President and Chief Executive Officer Iv Culp and Chief Operating Officer Mary Beth Hunsberger will participate in a “fireside chat” at the upcoming Water Tower Research Insights Conference taking place on April 14-15, 2026.

The discussion, hosted by WTR’s Managing Director – Consumer Doug Lane, will take place on April 14, 2026, at 3:10 PM EDT, and touch on various aspects of the Company’s current strategic outlook.

The WTR Insights Conference is a virtual event designed for investors seeking direct access to company management teams and differentiated insights across innovative businesses spanning all sectors covered by Water Tower Research. Through a series of fireside chat discussions and curated post-event engagement opportunities, attendees will gain a deeper understanding of each company’s strategy, competitive positioning, and long-term growth outlook.

Advance registration is encouraged to secure access to the full agenda, company lineup, and live sessions, as well as on-demand replays following the event.
