## Proxy Statement

### INTRODUCTION

This proxy statement is furnished to the shareholders of Culp, Inc. (sometimes referred to as the "Company") by the Company's Board of Directors in connection with the solicitation of proxies for use at the Annual Meeting of Shareholders of the Company to be held on Tuesday, September 17, 2013, at 9:00 a.m. at the Company's corporate offices, 1823 Eastchester Drive, High Point, North Carolina, and at any adjournment or adjournments thereof. Action will be taken at the Annual Meeting on the items described in this proxy statement, and on any other business that properly comes before the meeting.

This proxy statement, the accompanying form of proxy and the Company's 2013 Annual Report to Shareholders are first being mailed to shareholders on or about August 15, 2013. The Annual Report does not constitute "soliciting material" and is not to be deemed "filed" with the Securities and Exchange Commission.

Whether or not you expect to attend the Annual Meeting, please complete, date and sign the accompanying form of proxy and return it promptly to ensure that your shares are voted at the meeting. Most shareholders have the choice of voting by completing the enclosed proxy card and mailing it in the postage-paid envelope provided, voting over the Internet or using a toll-free telephone number. You should refer to the proxy card or the information forwarded by your bank, broker or other holder of record to see which voting options are available. Shareholders who vote over the Internet may incur costs, such as telephone and Internet access charges, for which the shareholder is responsible. The Internet and telephone voting facilities for eligible shareholders of record will close at 1:00 a.m. Central Daylight Time on September 17, 2013. Specific instructions to be followed by any shareholder interested in voting via the Internet or telephone are shown on the enclosed proxy card. The Internet and telephone voting procedures are designed to authenticate the shareholder's identity and to allow shareholders to vote their shares and confirm that their instructions have been properly recorded. In the event that the proxy card does not reference Internet or telephone voting information because the recipient is not the registered owner of the shares, the proxy card must be completed and returned in the self-addressed, postage-paid envelope provided.

If you hold your shares in street name it is critical that you cast your vote if you want it to count in the election of our director nominees (Proposal 1 of this proxy statement), and in the advisory vote on our executive compensation (a Say on Pay vote) (Proposal 3 of this proxy statement). As a result of recent changes in regulations, your bank or broker is no longer allowed to vote your uninstructed shares on a discretionary basis on matters related to the election of directors or executive compensation. Thus, if you hold your shares in street name and you do not instruct your bank or broker how to vote in the election of directors and the Say on Pay advisory vote, no votes will be cast on your behalf with respect to the proposals for which you did not provide voting instructions. Your bank or broker will still have voting discretion on your uninstructed shares with respect to ratification of our independent auditors (Proposal 2 of this proxy statement) or routine matters that may properly come before the meeting.

Any shareholder giving a proxy may revoke it at any time before a vote is taken by:

- duly executing a proxy bearing a later date;
  - executing a notice of revocation in a written instrument filed with the secretary of the Company; or
  - appearing at the meeting and notifying the secretary of the intention to vote in person.
-

Unless a contrary choice is specified, all shares represented by valid proxies that are received pursuant to this solicitation, and not revoked before they are exercised, will be voted for the election of all the director nominees named in this proxy statement, for ratification of the appointment of Grant Thornton LLP as the independent auditors of the Company for the current fiscal year, and for the Say on Pay shareholder resolution approving the Company's executive compensation program. The proxy also confers discretionary authority upon the persons named therein, or their substitutes, with respect to any other business that may properly come before the meeting.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock of the Company is necessary to constitute a quorum at the Annual Meeting and any adjournment thereof. If a quorum is not present or represented at the Annual Meeting, the shareholders present and entitled to vote have the power to adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum is present or represented. At any such adjourned meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally notified. A shareholder abstaining from the vote on a proposal and any votes not made or not permitted to be made by banks or brokers (broker non-votes) will be counted as present for purposes of determining whether a quorum is present, but will be counted as not having voted on the proposal in question.

With regard to the election of directors, shareholder may cast votes in favor of a nominee or withhold votes from a nominee, and directors will be elected by a plurality of the votes cast. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the election of directors. Cumulative voting is not permitted. With regard to ratification of Grant Thornton LLP as the Company's independent auditors and approval of the Say on Pay shareholder resolution approving the Company's executive compensation program, shareholders may vote for or against each proposal or abstain from voting, and each proposal will be approved if more votes are cast in favor of such proposal than are cast against it. Abstentions and broker non-votes will have no effect on the outcome of the vote on any of these proposals.

Shareholders do not have dissenters' rights with respect to any of the matters to be considered.

Although the advisory vote on the Company's executive compensation program is non-binding, the Board will consider the outcome when considering future executive compensation decisions.

The Company will bear the entire cost of preparing this proxy statement and of soliciting proxies. Proxies may be solicited by employees of the Company, either personally, by special letter, or by telephone. However, Company employees will not be specifically compensated for these services. The Company also will request brokers and others to send solicitation material to beneficial owners of the Company's stock and will, upon request, reimburse their out-of-pocket costs.

## PROPOSAL 1: ELECTION OF DIRECTORS

The number of directors constituting the Board has been fixed at five in accordance with the Company's bylaws. Under the Company's bylaws, directors are elected at each annual meeting and hold office for a one-year term or until their respective successors are elected and have qualified. The terms of all five directors expire at the 2013 Annual Meeting, and thus five directors will be elected for a one-year term at the 2013 Annual Meeting.

In the absence of specifications to the contrary, proxies will be voted for the election of each of the five nominees listed in the table below, and an equal number of votes will be cast for each nominee. In no case will proxies be voted for more than five nominees. The persons who receive the highest number of votes for election at the Annual Meeting will be elected as directors. If, at or before the time of the meeting, any of the nominees becomes unavailable for any reason, the proxy holders have the discretion to vote for a substitute nominee or nominees. The Board currently knows of no reason why any of the nominees listed below is likely to become unavailable.

## CORPORATE GOVERNANCE

### Corporate Governance Guidelines and Committee Charters

The Board of Directors has approved Corporate Governance Guidelines, with the goal of providing effective governance of the Company's business and affairs for the benefit of shareholders. The Corporate Governance Guidelines are available on the Company's website at [www.culp.com](http://www.culp.com) in the "Investor Relations/Governance" section and are available in print to any shareholder upon request. In addition, the charters for the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee are also included in the "Investor Relations/Governance" section of the Company's website and are available in print to any shareholder upon request.

### Director Independence

The Board believes that independent directors should comprise a majority of the Board, and the Company's Corporate Governance Guidelines (as well as New York Stock Exchange rules) require that a majority of the Company's Board be independent. To be considered independent, a director must be determined, by resolution of the Board as a whole, to have no material relationship with the Company other than as a director. These determinations are made annually. In each case, the Board considers all relevant facts and circumstances and applies the independence standards of the New York Stock Exchange. In addition, the Board has adopted the following categorical standards, which are included in the Company's Corporate Governance Guidelines, to assist in the determination of director independence. These categorical standards conform to, or are more exacting than, the independence requirements in the New York Stock Exchange listing standards:

- (i) **Disqualifying Relationships** – A director will not be considered independent if any of the following has occurred within the preceding three years:
- the director was employed by the Company
  - the director's immediate family member was employed by the Company as an executive officer
  - the director or the director's immediate family member received more than \$25,000 per year in direct compensation from the Company (other than director's fees and pension or other forms of deferred compensation for prior service with the Company)
  - the director was affiliated with or employed by the Company's independent auditor
  - the director's immediate family member was affiliated with or employed by the Company's independent auditor as a partner, principal, manager, or in any other professional capacity
  - an executive officer of the Company was on the compensation committee of the board of directors of a company that employed either the director or the director's immediate family member as an executive officer
- (ii) **Commercial Relationships** – The following commercial relationships will not be considered to be material relationships that would impair a director's status as being independent:
- the director is an executive officer or employee or director of one of the Company's suppliers or customers whose annual sales to, or purchases from, the Company are less than one percent of the annual revenues of the customer or supplier
  - the director's immediate family member is an executive officer or director of one of the Company's suppliers or customers whose annual sales to, or purchases from, the Company are less than one percent of the annual revenues of the customer or supplier
  - the director or the director's immediate family member is an executive officer of another company that is indebted to the Company, or to which the Company is indebted, and the total amount of either company's indebtedness to the other is less than one percent of the total consolidated assets of the company he or she serves as an executive officer

(iii) **Charitable Relationships** – The following charitable relationship will not be considered to be a material relationship that would impair a director’s independence: if a director of the Company, or a member of a director’s immediate family, serves as an executive officer of a charitable or other not-for-profit organization, and the Company’s charitable contributions to the organization, in the aggregate, are less than two percent of that organization’s total revenues during its most recent fiscal year.

(iv) **Stock Ownership** – Ownership of a significant amount of the Company’s stock does not necessarily preclude a determination of independence.

Applying the independence standards described above, the Board has determined that the following current directors and/or nominees are independent within the meaning of the listing standards of the New York Stock Exchange and the Company’s categorical standards of independence: Messrs. Flavin, Larson and McAllister. These determinations are based primarily on a review of the responses of our directors to questions regarding employment and compensation history, affiliations and family and other relationships, and on discussions with directors. In that regard, the Board considered the Company’s charitable contribution of \$10,000 over three years (\$3,333 in fiscal 2011, \$3,333 in fiscal 2012 and \$3,334 in fiscal 2013) to the capital campaign of a non-profit organization that Mr. McAllister served as president, and determined that the contribution was not material for purposes of determining Mr. McAllister’s independence.

#### **Board Leadership Structure and Lead Director; Executive Sessions of Independent Directors**

The roles of Chairman of the Board and Chief Executive Officer are filled separately by two individuals, both of whom are executive officers. The Board believes it should have flexibility to decide whether it is best for the Company at a given point in time for the roles of the Chief Executive Officer and Chairman of the Board to be separate or combined and, if separate, whether the Chairman should be selected from the independent directors or be an employee. The Board believes that the complementary leadership skills of Mr. Culp, III as Chairman and Mr. Saxon as CEO are currently serving the Board and the Company well.

Independent Board members meet separately from the other directors at regularly scheduled executive sessions, without the presence of management directors or executive officers of the Company (except to the extent that the independent directors request the attendance of any executive officers). These meetings normally occur quarterly. The independent directors have designated a “lead director” to preside at these meetings, to advise management and to otherwise act as a liaison between the independent directors and the Company’s management. Mr. McAllister has served as lead director since 2006.

#### **Director Attendance at Annual Meetings**

Directors are expected to attend the Company’s Annual Meeting of Shareholders absent exceptional cause. All directors then on the Board attended the 2012 Annual Meeting of Shareholders.

#### **Risk Oversight**

The Board oversees risk-assessment in a number of ways, both as a full Board and through its committees. The Board assesses enterprise risk as it reviews and directs the Company’s strategic plans and decisions, both for operational and financial matters. The Board as a whole, in executive sessions and in meetings with management, assesses risks faced by the Company and evaluates ways to mitigate those risks. The Audit Committee has the responsibility to review and discuss with management, and with the internal auditor and the independent auditor, as appropriate, issues regarding the Company’s risk assessment and risk management policies, including the Company’s major financial risk exposure and the steps management has taken to monitor and mitigate such exposure. In addition, the Compensation Committee assesses the Company’s compensation policies and practices to ensure that compensation arrangements do not provide incentives that create risks that are reasonably likely to have a material adverse effect on the Company.

## **Code of Business Conduct and Ethics**

The Company has adopted a written Code of Business Conduct and Ethics that applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer and controller. The Code is available on the Company's website at [www.culp.com](http://www.culp.com) under the "Investor Relations/Governance" section and is available in print to any shareholder who requests it. The Company will disclose on its website or by the filing of a Form 8-K any substantive amendments to or waivers granted under the Code with regard to executive officers.

## **Communications with Directors**

The Company and the Company's Board of Directors believe it is important that a direct and open line of communication exist between the Company's Board of Directors and its shareholders and other interested parties. Any shareholder or other interested party who desires to contact the Company's directors may send a letter to the following address:

Culp, Inc. Board of Directors  
c/o Corporate Secretary  
P.O. Box 2686  
High Point, North Carolina 27261-2686

Communications to directors will be handled by the office of the Corporate Secretary and forwarded as soon as practicable to the lead director designated by the independent directors.

The Company also has a separate policy that allows shareholders, employees or other interested parties to communicate with the Chairman of the Audit Committee of the Board of Directors to report complaints or concerns regarding accounting, internal accounting controls, or audit matters. More details about this policy are available on the Company's internet website at [www.culp.com](http://www.culp.com), in the "Investor Relations/Governance" section under the heading "Complaint Procedures for Accounting, Internal Accounting Controls, or Auditing Matters."

## **Director Nomination Process**

The Corporate Governance and Nominating Committee is responsible for selecting persons to be recommended to the Board to fill vacancies on the Board, as well as persons to be recommended to the Board to be submitted to the shareholders as nominees for election as directors of the Company. The charter of the Corporate Governance and Nominating Committee sets forth the specific responsibilities and duties of that committee, and a copy of the charter may be found on the Company's internet website at [www.culp.com](http://www.culp.com), in the "Investor Relations/Governance" section. Among other things, the charter requires that the Corporate Governance and Nominating Committee consist of not less than three directors, each of whom must be independent as determined by the Board of Directors and as defined by New York Stock Exchange rules. All of the current members of the Corporate Governance and Nominating Committee are independent directors.

The goal of the Corporate Governance and Nominating Committee is to create a Board that will demonstrate competence, objectivity, and the highest degree of integrity on an individual and collective basis. In evaluating current members and new candidates, the Corporate Governance and Nominating Committee considers the needs of the Board of Directors in light of the current mix of director skills and attributes. In accordance with the Corporate Governance Guidelines adopted by the Board, the Corporate Governance and Nominating Committee will seek a diversity of skills and backgrounds among directors in assessing candidates for membership on the Board. The Corporate Governance and Nominating Committee will seek candidates who possess honesty and integrity, sound business judgment, financial literacy, strategic and analytical insight, and the ability to commit an adequate amount of time to make a productive contribution to the Board and the Company. In addition, the Corporate Governance and Nominating Committee will seek to assure that one or more Board members possess each of the following characteristics: knowledge and experience in the Company's industry, management experience, international business knowledge, expertise in accounting or financial analysis, and regulatory compliance expertise. When the Corporate Governance and Nominating Committee is considering current Board members for nomination for reelection, the committee also considers prior Board contributions and performance, as well as attendance records for Board and committee meetings.

The Corporate Governance and Nominating Committee may seek input from other members of the Board and management in identifying and attracting director candidates who meet the criteria outlined above. In addition, the committee may use the services of consultants or a search firm, although it has not done so in the past. Recommendations from shareholders for nominees to the Board of Directors will be considered by the Corporate Governance and Nominating Committee if made in writing addressed to the Company's Secretary at the Company's main office. In order to be considered, such recommendations must be received at least 60 days prior to the date of the meeting at which directors are to be elected. Submissions should include information regarding a candidate's background, qualifications, experience, and willingness to serve as a director. Based on a preliminary assessment of a candidate's qualifications, the Corporate Governance and Nominating Committee may conduct interviews with the candidate and request additional information from the candidate. The committee uses the same process for evaluating all nominees, including those recommended by shareholders.

## **BOARD COMMITTEES AND ATTENDANCE**

There are four standing committees of the Board of Directors: Executive Committee, Audit Committee, Compensation Committee, and Corporate Governance and Nominating Committee. Each of the members of the Company's Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee (and any director who served on such committees at any time during the fiscal year) has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) and is independent within the meaning of the director independence standards set forth in the regulations of the New York Stock Exchange and the Company's categorical standards of independence. Also, each of the members of our Audit Committee is "independent" for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934. The written charters of the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee are available on our website at [www.culp.com](http://www.culp.com) in the "Investor Relations/Governance" section.

### **Executive Committee**

The Executive Committee, the members of which are Messrs. Culp (Chairman), Saxon and McAllister, may exercise the full authority of the Board of Directors when the Board is not in session, except for certain powers related to borrowing and electing certain officers, and other powers that may not lawfully be delegated to Board committees. Under current management practices, the Executive Committee exists mainly to act in place of the Board in cases where time constraints or other considerations make it impractical to convene a meeting of the entire Board or to obtain written consents from all Board members. The Executive Committee did not hold any formal meetings during fiscal 2013, and all significant management decisions requiring action by the Board of Directors were considered and acted upon by the full Board.

### **Audit Committee**

The Audit Committee is directly responsible for the appointment, compensation, retention, and oversight of the independent auditors of the Company, and must pre-approve all services provided. The committee discusses and reviews in advance the scope and the fees of the annual audit and reviews the results thereof with the independent auditors. The auditors meet with the committee to discuss audit and financial reporting issues. The committee reviews the Company's significant accounting policies, internal accounting controls, reports from the Company's internal auditor, quarterly financial information releases, Quarterly Reports on Form 10-Q, the Annual Report to shareholders, and the Annual Report on Form 10-K filed with the Securities and Exchange Commission. In addition, the committee reviews and approves all significant transactions between the Company and any related party, and reviews the Company's risk assessment and risk management policies.

Members of the Audit Committee are Messrs. Flavin (Chairman), Larson and McAllister. The Board of Directors has determined that all members of the Audit Committee are financially literate as defined by the rules of the New York Stock Exchange. In addition, the Board has determined that Mr. Flavin qualifies as an "audit committee financial expert" for purposes of the rules and regulations of the Securities and Exchange Commission adopted pursuant to the Sarbanes-Oxley Act of 2002.

## **Compensation Committee**

The Compensation Committee reviews the performance of the chief executive officer and determines the chief executive officer's compensation after consulting with the Board of Directors. The Compensation Committee performs the same functions with regard to other executive officers after consulting with the chief executive officer. The committee also makes recommendations to the Board regarding incentive compensation plans and equity-based plans, and it administers the incentive compensation and equity-based plans after they are adopted. In performing its obligations, the Compensation Committee regularly meets with and consults with the chief executive officer, and occasionally other executive officers, to receive their recommendations regarding executive compensation.

In fiscal 2013, the Compensation Committee engaged John Bloedorn as a third party advisor to provide advice, research, evaluation and design services related to executive compensation. Mr. Bloedorn provided advice to the Compensation Committee on market trends and best practices in executive compensation, the structure and design of the Company's compensation program, and the relationship between executive compensation and Company performance. Mr. Bloedorn also assisted the Compensation Committee in redefining the list of peer companies the Compensation Committee uses to compare the Company's pay practices and levels to those of other companies within our industry or related industries. During fiscal 2013, Mr. Bloedorn did not provide any services to the Company other than the assistance it provided to the Compensation Committee.

The committee's charter does not address its ability to delegate its authority to others, and although it may have such power, in practice the Compensation Committee approves all final decisions regarding changes in the compensation of executive officers. The members of this committee are Messrs. Larson (Chairman), Flavin and McAllister.

## **Corporate Governance and Nominating Committee**

The current members of the Corporate Governance and Nominating Committee are Messrs. McAllister (Chairman), Larson and Flavin. The committee reviews and recommends to the Board candidates for appointment to fill vacancies on the Board as well as candidates for selection as director nominees for election by shareholders. The Corporate Governance and Nominating Committee also considers and makes recommendations to the Board on other matters relating to the size and function of the Board and its committees, to the Board's policies and procedures, and to corporate governance policies applicable to the Company.

## **Attendance**

During the fiscal year ended April 28, 2013, the Board of Directors had eleven meetings; the Audit Committee had fourteen meetings; the Compensation Committee had ten meetings; and the Corporate Governance and Nominating Committee had four meetings. Each Board member attended at least 75% of the aggregate number of the meetings of the Board of Directors and of the committees on which he served.

## EXECUTIVE COMPENSATION

### COMPENSATION DISCUSSION AND ANALYSIS

#### Overview and Objective

The primary purpose of our executive compensation program is to support the corporate business goals of increasing our earnings, return on capital and shareholder value. We believe the best way to accomplish this purpose is to focus the program on these objectives:

- Embracing a pay for results philosophy. Total pay will be directly aligned with Company performance success through the use of management incentives;
- Attracting and retaining management with the skills to lead the Company successfully;
- Fairly compensating management for their service to our Company, which helps to retain and motivate them; and
- Aligning the long-term interests of management with those of our shareholders.

Our Compensation strategy is to provide our executive officers compensation that represents conservative salaries coupled with challenging performance based incentives. As such, our executive compensation program is sensitive to:

- (1) The compensation paid to executive officers at comparable companies, but accomplished through lower salaries and higher incentive opportunities,
- (2) Each individual officer's assessed performance contribution to our Company, and
- (3) Our financial results compared to challenging performance targets.

Our corporate culture and compensation philosophy calls for rewarding successful results, rather than effort, through performance-based and variable incentives. Our compensation program is intended to support the following:

- a balanced time perspective as relates to the long-term and the short-term;
- being more team oriented than individual accountability oriented;
- continuing to be a market leader in terms of product innovation within our industry;
- prudent/calculated risk taking;
- a planned and disciplined approach to managing the business and the utilization of capital;
- decision making that is decentralized as pertains to sales, marketing and operations; and centralized as pertains to strategic matters; and
- maintaining a strong focus on growth, return on capital and shareholder returns.

The overall compensation program consists of base salary, annual incentive, long-term incentives for some, and benefits. These benefits include a 401(k) plan, health and other welfare benefits, deferred compensation, life insurance, and limited perquisites such as auto allowance. Certain executive officers also participate in a severance protection plan. Further details about the elements of our compensation program are set forth on the following pages.

## Compensation Elements

The following elements made up the compensation program for our executive officers, including all of the executive officers listed in the Summary Compensation Table on page 21 (whom we refer to as the “named executive officers”):

<u>Element</u>	<u>Form of compensation</u>	<u>Purpose</u>	<u>Performance criteria</u>
Base salary	Cash	Providing a competitive but conservative level of fixed compensation that is attractive enough to retain skilled management	Not performance-based
Annual incentive bonus	Cash	Creating an incentive for executive officers to direct their efforts toward achieving specified financial goals for the Company	Economic value added (EVA)
Long-term incentive awards	Performance-based restricted stock units or other equity-based awards	Creating an incentive for meeting or exceeding longer-term financial goals and encouraging an equity stake in our Company	Cumulative operating income and common stock price
Health and welfare plans	Eligibility to receive available health and other welfare benefits paid for, in whole or in part, by the Company, including broad-based medical, life insurance and disability plans and a severance plan	Providing a competitive, broad-based employee benefits structure	Not performance-based
Retirement plans	Eligibility to participate in, and receive Company contributions to, our 401(k) plan (available to all employees) and, for certain officers, a supplemental deferred compensation plan	Providing competitive retirement-planning benefits to attract and retain skilled management	Not performance-based
Split-dollar life insurance	Company-paid life insurance for the benefit of Mr. Culp, III, our Chairman	Providing an additional death benefit in a cost-effective manner	Not performance-based
Perquisites	Automobile allowance or lease, plus business club dues for our Chairman	Providing limited business related perquisites	Not performance-based
Severance protection plan	Eligibility to receive cash severance in connection with termination in anticipation of or within a defined period after a change of control	Providing a competitive compensation package and ensuring continuity of management in the event of any actual or threatened change in control of our Company	Not performance-based

### Position Relative to Market and Peer Comparison Group

Periodically the Compensation Committee has compared the Company's pay practices and levels of pay to those of other companies within our industry or related industries from which we might seek or possibly could lose management talent. The Committee views such data to be useful information but does not believe such data should be deemed the best and final determinant of its compensation decision-making. The Committee makes prudent distinctions between Culp's executive compensation program and the norms of our industry when deemed necessary to maintain an effective compensation program.

During fiscal 2012 the Committee undertook an update and further refinement of the group of peer companies that it reviewed in connection with analyzing compensation levels for Company executives. The Committee engaged a compensation consultant to advise it about a number of compensation-related issues, including development of an appropriate list of peer companies. The consultant identified a list of 20 companies in the same or related industries as the Company. Because some of these 20 companies were significantly larger than our Company (measured by revenues), a smaller group of 13 companies was identified by excluding the seven largest companies in the group. The group of 13 companies has median revenue that is comparable to our revenue, and for that reason the compensation information from the group of 13 peer companies was given more weight in the Committee's analysis. Information concerning compensation at the companies in these groups was used in setting executive compensation levels for fiscal 2013.

The group of 13 companies was as follows:

American Woodmark Corp.  
Crown Craft, Inc.  
Delta Apparel, Inc.  
Flexsteel Industries, Inc.  
Haverty Furniture Companies, Inc.  
Hooker Furniture Corp.  
International Textile Group  
Oxford Industries, Inc.  
Stanley Furniture Company, Inc.  
Superior Uniform Group, Inc.  
The Dixie Group  
The Hallwood Corp, Inc.  
US Home Systems, Inc.

The seven companies added to the group above to form the group of 20 peer companies were as follows:

Albany Industries  
Ethan Allen Global, Inc.  
Interface, Inc.  
Knoll, Inc.  
Polymer Group, Inc.  
Select Comfort Corp.  
Unifi, Inc.

The Committee has identified what it believes to be appropriate positioning goals for our compensation program relative to the market. In particular, for performance-based compensation elements (annual incentive bonus and long-term incentive awards), the Committee has determined compensation pay levels resulting from threshold, target and maximum performance goals being reached.

The guidelines established by the Committee provide that base salaries should be set at levels that are below market levels, with annual incentive bonus opportunities well below market at threshold performance levels, somewhat above market when target performance goals are achieved, and significantly above market if the Company achieves superior (maximum) performance goals under the annual incentive plan. The result of this positioning is that total cash compensation is expected to be below market in a year where only threshold performance levels are met, at market when target performance goals are achieved, and above market in years where superior performance goals are reached.

For long-term incentive awards, the Committee intends to structure payouts such that no compensation is received for less than threshold financial performance, payments well below market occur when the Company reaches target performance levels, and compensation at market levels will be paid only when superior performance levels are achieved. The Committee intends that the result of combining the market positions described above for base salary, annual incentive bonus, and long-term incentive awards is that compensation levels for our executives will be significantly below market in years where our financial performance is at or below threshold levels, somewhat below market when performance is at target levels, and above market when the Company achieves superior financial performance.

#### Base Salary

Our Compensation Committee considers base salaries to be a fixed expense and sets them conservatively for our named executive officers. In doing so, consideration is given to:

- (1) base salaries paid to executive officers at comparable companies, and
- (2) each individual officer's assessed performance contribution to our Company.

In setting base salaries, the Committee has sought to establish annual amounts that are generally somewhat below the average amounts at comparable peer companies, in keeping with our philosophy to pay conservative salaries and allow executives the opportunity to earn significant additional compensation through performance-based incentive compensation. In that regard, the Committee has gathered information about compensation levels at a group of comparable companies and calculated averages, medians, and estimated percentile ranks for various compensation amounts as compared to the group. The Committee focused particularly on the Company's three highest paid executives, finding that the salaries paid to these officers are somewhat below the levels paid at comparable companies, consistent with our compensation philosophy with regard to salary.

In setting salaries for fiscal 2013, the Committee considered the detailed peer company information compiled during fiscal 2012, which confirmed that the base salaries of our top executives were consistent with our compensation philosophy. In setting base salaries for the named executive officers, the Committee also considers each officer's performance and contribution to our Company in the prior fiscal year, the Company's financial performance, and management's recommendation. The Committee determined that each of the named executive officers performed satisfactorily during fiscal 2012 and approved salary increases for our named executive officers of three percent for fiscal 2013.

#### Annual Incentive Bonus

For each of the past three years, our annual incentive plan has provided for potential bonus payments to plan participants based upon an economic value added (EVA) performance measure, which focuses on income produced in excess of a "capital charge" defined by the Committee. The awards under the plan provide for bonuses based upon the EVA of the entire Company in the case of corporate senior officers and managers, and upon the EVA of one of our two divisions (upholstery fabrics and mattress fabrics) in the case of management of each of the respective divisions. Messrs. Culp, III, Saxon, Bowling and Gallagher participate in the plan that awards bonuses based upon the EVA of the Company, and Mr. Culp, IV participates in the plan that awards bonuses based upon the EVA of the Culp Home Fashions (CHF) division.

To the extent that EVA is produced by a reporting unit in a fiscal year, a sharing percentage is used to determine the bonus pool for the award recipients from that reporting unit. The bonus pool is divided among the recipients from the reporting unit in accordance with proportions established by the Compensation Committee. The Committee has also established a target amount of EVA for each reporting unit, based upon past and expected financial performance, management's recommendations, and the advice of our compensation consultant. The sharing percentage for award recipients increases if the reporting unit achieves EVA above the target level.

The bonus amounts paid under this plan to our named executive officers are reflected in the Summary Compensation Table in the "Non-Equity Incentive Compensation" column. For our named executive officers who participated in the plan, the target levels of EVA and potential bonus payments, as well as actual results achieved, are described in the "Grants of Plan-Based Awards" section following the Summary Compensation Table. Bonus amounts earned under the EVA annual incentive plan for fiscal 2013 were paid in cash.

In addition to the incentive bonus under the plan based on EVA, Mr. Culp, IV also participates in an incentive plan for management of the CHF division that can result in additional bonus of up to \$12,000 per fiscal quarter to Mr. Culp, IV based on the CHF division achieving certain levels of improvement in adjusted gross profit or reductions in days of finished goods stock in inventory.

#### Long-Term Incentive Awards

For a number of years, the Compensation Committee had used stock options and other equity awards as a tool for aligning executive officers' long-term interests with those of our shareholders. In prior years, the Committee periodically approved the grant of stock options to management and other key employees, including all of the named executive officers. However, no stock options, restricted stock, or performance-based stock units were awarded to our named executive officers during fiscal 2011 or fiscal 2012.

An analysis conducted by the Committee and our compensation consultant in fiscal 2012 showed that long-term incentive compensation would be needed to bring the total compensation of our senior executives to levels consistent with our overall compensation strategy. That strategy calls for conservative salaries, challenging incentives that provide opportunities for meaningful performance-based annual bonuses, and a longer term component that rewards contributions of our executives over time. At target performance level the total compensation provided should be slightly below that paid to executives of our peer group. In order to exceed peer group averages, the Company must achieve superior financial results.

Consequently, the Committee took action early in fiscal 2013 to grant long-term incentive awards to four individuals, three of whom are named executive officers. The number of equity awards granted to any individual is based upon the Committee's assessment of that individual's level of responsibility and ability to affect operating income and the Company's common stock price. In making that judgment the Committee also considers our overall compensation strategy, the advice of our compensation consultant, management's recommendation, and the remainder of the recipients' compensation packages. A total of 60,000 restricted stock units were granted, with each unit consisting of the right to receive zero to two shares of the common stock of the Company based on attainment of operating income excluding certain one-time or unusual items of the Company, or the division that employs the award recipient, during our next three fiscal years.

The units will also vest in the target amounts for each award recipient upon a change in control or the termination of the recipient's employment without cause or by reason of his death or disability. These awards are subject to a clawback feature providing that amounts earned pursuant to the awards be repaid to the Company if reported financial results are subject to a material negative restatement such that the amount earned or vested would have been lower using the restated financial results.

#### Health and welfare plans

Our current health and welfare benefit plans are open to all full-time employees. Under each plan, the named executive officers receive either the same benefit as all other salaried employees or a benefit that is exactly proportional, as a percentage of salary, to the benefits that others receive. For example, the amount of each individual's Company-paid life insurance policy is based on his or her base salary.

#### Retirement plans

##### *401(k)*

Participation in our tax-qualified 401(k) plan is available to all of our full-time employees over the age of 21 with at least three months of service. This plan allows our employees to save money for retirement in a tax-advantaged manner. All of our named executive officers currently participate in this plan. For each participant for fiscal 2013, we contributed 100% of the first 3% of salary that the participant contributed to the plan, and 50% of the next 2% contributed. This is the level of matching contribution that the plan prescribes, and it has not been changed for several years.

### *Supplemental deferred compensation plan*

We provided a supplemental deferred compensation plan during fiscal 2013 for Mr. Culp, III, Mr. Saxon, Mr. Culp, IV and Mr. Bowling. Under this plan, we contribute an amount equal to 15% of Mr. Culp, III's and Mr. Saxon's base salary each year to their plan accounts. For Mr. Culp, IV and Mr. Bowling, the Company contributed amounts equal to 7.5% and 10%, respectively, of their base salary for fiscal 2013 to their plan accounts. The plan also allows participants to defer up to 75% of their respective base salaries and/or bonuses after meeting withholding tax requirements.

#### Split-dollar life insurance plan

We have participated in a split-dollar life insurance plan with Mr. Culp, III, our Chairman and former CEO, for more than 20 years. Under this plan, we have paid the premiums on policies insuring Mr. Culp's life and, in some cases, the life of Mr. Culp's spouse as well. Two split dollar agreements were terminated during fiscal 2013, and another was continued, with premium payments that had been suspended being resumed. The Company is also making an annual payment to Mr. Culp for twelve years or the remainder of his employment term in connection with the agreement to terminate one of the split dollar agreements. The policy covered by the continued agreement insures the life of Mr. Culp only. Upon the death of Mr. Culp, as set forth in the policy, the beneficiaries named under the policy will receive the policy proceeds that remain after the Company has recovered an amount equal to the total policy premiums we have paid.

#### Perquisites

We provide only very limited perquisites. During fiscal 2013, the only perquisite provided to most of our named executive officers was an automobile allowance. We also pay dues to a business club in High Point for Mr. Culp, III, for purposes of meeting with customers and other business contacts.

#### Severance Protection Plan

We have maintained a severance protection plan for several years that covers certain of our officers, including all of our named executives except Mr. Gallagher. The plan operates through written agreements we have with each officer. Under each of these agreements, the officer will be entitled to receive payment from the Company in certain circumstances if the officer's employment terminates in anticipation of, or within a particular time period following, a change of control of our Company. The agreements are "double trigger" arrangements that only allow an executive to receive a change of control severance payment if he demonstrates an adverse change in his conditions of employment.

In each case, upon the officer's termination the Company would pay the officer an amount that is approximately double his total compensation at the time of termination. "Total compensation" means base salary plus the target annual incentive bonus for the fiscal year in which the termination occurs. In addition, if the termination were to occur prior to the annual bonus payout for the prior fiscal year, the officer would be entitled to that bonus payment as well.

Each agreement also provides for an additional payment of one year's total compensation to the officer in exchange for non-competition covenants. For information about these covenants, the circumstances in which payments under the agreements would be triggered and the estimated amounts of the payments to our named executive officers, see "Potential Payments Upon Termination or Change of Control."

#### **Consideration of Shareholder Advisory Vote and Changes for Fiscal 2014**

At the Company's 2012 annual meeting of shareholders, 99.7% of the shares for which votes were cast voted to approve the compensation paid to our named executive officers. The Compensation Committee viewed this as a strong endorsement of the Company's compensation philosophy and the compensation paid to its executives, and determined that its approach to compensation for fiscal 2014 would remain generally consistent with the approach in fiscal 2013.

In June 2013, the Committee took action to adjust the salaries of executive officers. The salaries for the named executive officers were increased by three percent, in line with compensation adjustments for other officers and employees and the preceding year.

The annual incentive bonus plan has been renewed for fiscal 2014, again using economic value added (EVA) as the performance measurement. EVA is calculated using operating income, before bonus payments and certain non-recurring items, if any, less a cost of capital charge for the appropriate reporting unit. Consistent with the program in prior years, annual incentive bonuses under the plan, if any, will be paid in cash. Maximum bonus awards were raised for fiscal 2014 from 200% of target bonus levels to 250% of target bonus levels, but that level of bonus would only be paid if financial performance goals are met that the Committee considers to be extremely challenging. Target EVA levels for each reporting unit have been established by the Compensation Committee, and target bonus levels for all named executive officers have been established, ranging from 25% to 100% of annual salary (the same range as in the prior year).

The deferred compensation plan was also continued for fiscal 2014, with Company contributions to the accounts of our named executives unchanged, except that the contribution to Mr. Culp, IV's account was raised from 7.5% to 10% of base salary.

The practice of granting long-term incentive equity awards was continued for fiscal 2014. The Compensation Committee made awards of restricted stock units with terms generally the same as those granted in fiscal 2013, with grants being made to the same named executives who received those awards the prior year. The number of units and number of shares of common stock that would vest upon attainment of target operating income levels include a grant of 13,180 units (maximum of 26,360 shares) to Mr. Saxon, a grant of 10,356 units (maximum of 20,712 shares) to Mr. Culp, III, and a grant of 6,693 units (maximum of 13,385 shares) to Mr. Culp, IV.

### **Conclusion**

Our Compensation Committee has considered each of the elements of the named executive officers' compensation, as described above. It also has considered the total amounts of current compensation, retirement compensation and potential compensation from equity awards and severance protection that these elements provide to the officers. The Committee believes the amount of each compensatory element and the total amount of compensation for each named executive officer is reasonable and appropriate in light of the officer's experience and individual performance contribution, and our recent operational and financial results.

### **COMPENSATION COMMITTEE REPORT**

Our Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K. Based on its review and discussion, the Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and in our Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

The foregoing report has been furnished by members of the Compensation Committee.

(1) These numbers reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 for fiscal 2011 through fiscal 2013 for equity-based awards granted to each officer. The awards therefore reflect the estimated aggregate compensation expense to be recognized in the Company's financial statements over the relevant service period determined as of the grant date, and do not reflect the actual value, if any, that may be received by executive officers for their awards. For information about the relevant assumptions we made in calculating the expense, please see note 11 to the financial statements included in our fiscal 2013 Annual Report on Form 10-K.

(2) The following table shows the components of “All Other Compensation.”

(a) The amount paid for life insurance consists of premiums for group life insurance that is generally available to all salaried full-time employees.

(b) Mr. Culp, III’s perquisites consisted of \$16,500 for an auto allowance, and the remaining balance related to business club dues.

(c) Perquisites for the other named executive officers were solely for auto allowance.

(d) Payment pursuant to December 27, 2012 agreement with Mr. Culp III regarding termination of split dollar insurance agreement.

The stock award expense reflected in column (e) of the Summary Compensation Table is for restricted stock units we granted in July 2012.

Column (h) of the Summary Compensation Table shows the amount of interest earned during the fiscal year on the officer’s account balance under our deferred compensation plan that the Securities and Exchange Commission considers to be “above market.” The Compensation Committee is responsible for setting this interest rate. The current rate, which is the rate for 30-year treasury notes plus 2.5%, has been in place since fiscal 2003. For more information about this plan, see “–Non-Qualified Deferred Compensation” below.

## Grants of Plan-Based Awards

The following table provides information about the potential bonus amounts payable to named executive officers under the fiscal 2013 annual incentive plan.

### Annual incentive plan bonus

The fiscal 2013 annual incentive plan was structured to provide potential bonus payments to the participants based upon an economic value added (EVA) performance measurement. The plan provides for bonuses based upon the EVA of the entire Company in the case of all of the named executives except Mr. Culp, IV, and upon the EVA of the Culp Home Fashions (CHF) division for Mr. Culp, IV.

EVA is calculated under the incentive plan by determining the capital employed in the portion of the Company that employs the award recipient (the entire Company or the CHF division, in the case of the named executives), referred to herein as a “reporting unit”, and then multiplying the capital employed by a cost of capital (stated as a percentage) to determine the “capital charge” for each reporting unit. The sum of operating income (prior to bonus payments and excluding certain non-recurring items) earned by a reporting unit for each month during the fiscal year in excess of the capital charge for the reporting unit for that month is deemed to be the economic value added, or EVA, produced by the reporting unit for the year. To the extent that EVA is produced by a reporting unit in a fiscal year, a sharing percentage is used to determine the bonus pool for the award recipients from that reporting unit. The bonus pool is divided among the recipients from the reporting unit in accordance with proportions established by the Compensation Committee, stated as a target bonus opportunity for each participant. The committee also establishes a target amount of EVA for each reporting unit. The sharing percentage for award recipients increases if the reporting unit achieves EVA above the target level. The target bonus (known as Level 1) is paid to each participant if the relevant reporting unit reaches its target EVA, and additional EVA levels are established that would result in two times the target bonus (known as Level 2).

The bonus amounts paid under the fiscal 2012 annual incentive plan are reflected in the Summary Compensation Table in the “Non-Equity Incentive Compensation” column. For our named executive officers who participated in the plan, the potential Level 1 and Level 2 bonus payments based on EVA levels are described in the “Grants of Plan-Based Awards” table above.

For the Corporate plan, based on average capital employed of \$68,000,000 and a capital charge of 18.0%, the EVA target for the Company was \$4,000,000, which would have required operating income (before bonus payments and non-recurring items) of \$16,240,000 for the Level 1 bonus. The operating income level that would have been required for Level 2 bonuses was \$18,960,000, with a Level 2 EVA target of \$6,000,000. The actual pre-bonus operating income achieved by the Company was \$23,050,000 and actual capital employed at year-end was \$71,833,000, which resulted in an EVA calculation of \$10,120,000 and bonuses for the named executives other than Mr. Culp, IV of 200% of their Level 1 bonus opportunities (the maximum amount allowed under the plan) set forth in the “Grants of Plan-Based Awards” table.

The annual incentive bonus for Mr. Culp, IV was based on the same EVA performance measurement, but was determined by the financial performance of the CHF division only. Based on average capital employed for that division of \$53,500,000 and a capital charge of 18.0%, the EVA target for the CHF division was \$6,670,000, which would have required operating income (before bonus payments and non-recurring items) of \$16,300,000 for the Level 1 bonus. The operating income level that would have been required for the Level 2 bonus was \$19,900,000, with a Level 2 EVA target of \$10,000,000. The actual pre-bonus operating income achieved by the CHF division was \$21,914,000 and actual capital employed at year-end was \$56,043,000, which resulted in an EVA calculation of \$11,863,000 and Mr. Culp, IV receiving a bonus of 200% of his Level 1 bonus opportunity (the maximum amount allowed under the plan) set forth in the "Grants of Plan-Based Awards" table.

In addition to the incentive bonus under the regular plan based on EVA for the CHF division, bonus amounts were also earned totaling \$21,000 by Mr. Culp, IV based on the CHF division achieving specified levels of improvement in adjusted gross profit and reduction in the amount of days of finished goods stock. Mr. Culp, IV participates in a bonus arrangement that pays certain members of the CHF division's management a quarterly bonus for improvements in the aforementioned areas. Under the first component of the plan, Mr. Culp, IV earns a bonus of \$3,000 for each quarter the total days of finished goods stock meets or is less than the level in the same quarter of the prior year or \$6,000 for any quarter in which days of finished goods stock exceeds a 3% reduction from the level in the same quarter of the prior year. Under the second component of the plan, a bonus of \$3,000 is paid if total adjusted gross profit meets or exceeds the level in the same quarter of the prior year or \$6,000 for any quarter in which total adjusted gross profit exceeds 1.6% of the level in the same quarter of the prior year. Pursuant to this arrangement, Mr. Culp, IV received a bonus of \$6,000 for the 1<sup>st</sup> quarter of fiscal 2013, \$6,000 for the 2<sup>nd</sup> quarter of fiscal 2013, \$6,000 for the 3<sup>rd</sup> quarter of fiscal 2013 and \$3,000 for the 4<sup>th</sup> quarter of fiscal 2013. All of these bonus payments were earned under the second component of the plan.

## Nonqualified Deferred Compensation

We maintain a nonqualified deferred compensation plan for certain management employees. The following table provides information about amounts we contributed to the named executive officers' plan accounts in fiscal 2013, voluntary contributions to the plan by those executive officers, and the executive officers' earnings under the plan. The last column shows each executive officer's total account balance as of the end of fiscal 2013.

Name	Executive Contributions in Last FY	Registrant Contributions in Last FY	Aggregate Earnings in Last FY	Aggregate Withdrawals/Distributions	Aggregate Balance at Last FYE
(a)	(b)	(c)(1)	(d)(2)	(e)	(f)

Robert G. Culp, IV	--	18,450	4,047	--	86,955
Kenneth R. Bowling	--	18,963	4,761	--	100,767
Thomas B. Gallagher, Jr.	--	--	171	--	3,234

(1) All amounts in this column are included in column (i), "All Other Compensation," of the Summary Compensation Table on page 21.

(2) Of the amounts reported in this column, the following amounts are reported as above-market earnings on deferred compensation in column (h), "Change in Pension Value and Nonqualified Deferred Compensation Earnings," of the Summary Compensation Table: Mr. Culp, III - \$9,826; Mr. Saxon - \$21,075; Mr. Culp, IV - \$1,865; Mr. Bowling - \$2,194; and Mr. Gallagher - \$79.

Under the plan, each participant may elect to defer up to 75% of his annual salary or bonus into his plan account. In addition, we have the ability to make Company contributions in any amount to any participant's account. We have agreed with Mr. Saxon and Mr. Culp, III to contribute an amount equal to 15% of their annual salaries to their plan accounts each year. Additionally, Mr. Culp, IV and Mr. Bowling received Company contributions equal to 7.5% and 10%, respectively, of their annual salaries for fiscal 2013. We have also agreed to pay the officer's share of social security taxes on the amount of our contributions. Aside from the aforementioned contributions, we did not make Company contributions to the account of any plan participant in fiscal 2013.

Our Compensation Committee sets the rate of interest for plan accounts. The current rate, set in fiscal 2003, is equal to the rate for 30-year treasury notes plus 2.5%. We currently compound interest on a monthly basis.

In general, if a participant's employment terminates for any reason other than death, he will receive his account balance in a lump sum payment within 30 days after termination. However, certain participants who are officers or shareholders of our Company, including the five named executive officers listed above, must wait six months after termination before receiving a distribution from the plan.

If a participant dies, we will pay his account balance to his beneficiary in a single lump sum within 30 days.

A participant may request to receive an early distribution of all or a portion of his account balance if he suffers a financial hardship involving unexpected and unforeseeable emergency medical expenses that are beyond the participant's control. A committee consisting of the chief executive officer, the chief financial officer and the head human resources officer has sole discretion to grant or deny such requests.

In addition, we have the right to terminate the plan at any time and distribute all account balances. If we choose to do this, we must make the distributions between the date that is 12 months after we have completed all action necessary to terminate the plan and the date that is 24 months after the termination.

Because this is a nonqualified plan, benefits are unsecured. This means that a participant's claim for benefits is no greater than the claim of a general creditor.

#### **Potential Payments Upon Termination or Change of Control**

During fiscal 2013, the Company was party to change of control and non-competition agreements with Mr. Culp, III, Mr. Saxon, Mr. Culp, IV and Mr. Bowling.

The purpose of these agreements is to encourage the officers to carry out their duties in the event of a possible change in the control of our Company. The agreements are not ordinary employment agreements. Unless there is a change of control (as defined in the agreements), they do not provide any assurance of continued employment, or any severance. Each agreement has a rolling three-year term.

Under these agreements, any of the following events would be a "change of control":

- any person, entity or group acquiring, directly or indirectly, 35% or more of our common voting stock (subject to certain exceptions);
- a merger or consolidation involving us and another entity, if we are not the surviving entity and after the merger or consolidation the holders of 35% or more of the voting stock of the surviving corporation were not holders of our voting stock immediately before the transaction;
  - our liquidation or dissolution, or a sale or transfer of substantially all of our assets; or
  - a change in the majority of our directors that our directors have not approved.

Each agreement provides for payment to the officer in connection with a change of control if any of the following triggering events were to occur:

- (1) the officer is terminated in anticipation of the change of control,
- (2) the officer is terminated within three years after the change of control for any reason other than death, disability or for cause, or
- (3) the officer terminates his employment during that three-year period following the change of control because we (or our survivor) change his employment conditions in a negative and material way.

Following a triggering event, the officer would be entitled to payment in the amount of 1.99 times his total compensation. "Total compensation" means base salary plus the target annual incentive bonus for the fiscal year in which the termination occurs. In addition, if the termination were to occur prior to the annual bonus payout for the prior fiscal year, the officer would be entitled to that bonus payment as well. However, any compensation that would constitute a parachute payment under Section 280G of the federal tax code would be reduced to the extent necessary to avoid a federal excise tax on the officer or the loss of our federal income tax deduction.

Each agreement currently allows the officer to choose whether to receive his change of control payment in a single lump sum or in equal monthly installments over the thirty-six month period following termination.

The agreements also provide for an additional payment of one year's total compensation to each officer in exchange for non-competition covenants by the officer that take effect only if the officer's employment terminates following a change of control. Under these covenants, each officer has agreed not to compete with us or solicit our customers or employees for 12 months following termination. The officer would receive the non-competition payment in 12 equal monthly installments beginning on the date of termination.

In addition, the agreements require us to reimburse the officers for any fees and expenses incurred in connection with any claim or controversy arising out of or relating to the agreements.

The following table estimates the total amounts we would owe Mr. Culp, III, Mr. Saxon, Mr. Culp, IV and Mr. Bowling under these agreements if there had been a change of control (and all agreements had been in effect at that time), and the officers had been terminated, on April 28, 2013, the last day of fiscal 2013.

**Estimated Payments under Change of Control and Non-competition Agreements**

Name	Change of Control Payment (\$)	Non-Competition Payment (\$)	Total Payment (\$)

Mr. Saxon	1,477,834	742,630	2,220,464
Mr. Culp, IV	811,681	407,880	1,219,561
Mr. Bowling	511,914	257,243	769,157

## COMPENSATION OF DIRECTORS

Directors who are also employees of the Company do not receive additional compensation for service as directors. For fiscal 2013, we paid our non-employee directors the following compensation:

- an annual retainer of \$45,000 for the lead director and \$40,000 for the other non-employee directors
- a grant under our 2007 equity incentive to each director of either (a) 829 shares of common stock or (b) 2,000 options to purchase our common stock, as chosen by each director in the director's sole discretion. Granted shares of common stock and options to purchase our common stock each vested immediately and were measured at a fair market value of \$12.13 per share and \$5.03 per share, respectively (based upon the closing price of our common stock at the date of grant)

The following table shows the total compensation earned by our non-employee directors in fiscal 2013 for their service on our board.

Name	Fees Earned (\$)	Stock Awards (\$)	Option Awards (\$)	Total (\$)
(a)	(b)	(c) (1)	(d) (2)	(h)
Patrick B. Flavin	40,000	--	10,060	50,060
Kenneth R. Larson	40,000	10,055	--	50,055
Kenneth W. McAllister	45,000	10,055	--	55,055

- (1) The amounts reflected in this column are the grant date fair market value of the fully vested common stock awarded.
- (2) As of the end of fiscal 2013, our non-employee directors held the following options to purchase our common stock, all of which are immediately exercisable:

<u>Director</u>	<u>Number of Options</u>
Patrick B. Flavin	4,000
Kenneth R. Larson	2,000
Kenneth W. McAllister	5,750

## COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation Committee, all of whom are non-employee directors and independent directors, are Mr. Larson (Chairman), Mr. Flavin, and Mr. McAllister. None of our executive officers serves as a director or member of the compensation committee of another entity, one of whose executive officers serves on our Board or Compensation Committee.

## CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

All transactions between the Company and related parties are reviewed and approved by our Audit Committee, which is made up entirely of independent directors. We collect information about related party transactions from our officers and directors through annual questionnaires distributed to officers and directors. Each director and officer agrees to abide by our Code of Business Conduct and Ethics, which provides that officers and directors should avoid conflicts of interest and that any transaction or situation that could involve a conflict of interest between the Company and the officer or director must be reported to the Audit Committee and is subject to approval by the Audit Committee if and when appropriate. The Code of Business Conduct and Ethics identifies a non-exclusive list of situations that may present a conflict of interest, including significant dealings with a competitor, customer or supplier, similar dealings by an immediate family member, personal investments in entities that do business with the Company, and gifts and gratuities that influence a person's business decisions, as well as other transactions between an individual and the Company. The Audit Committee's charter provides that the Audit Committee will review, investigate and monitor matters pertaining to the integrity or independence of the Board, including related party transactions. The Audit Committee reviews and makes determinations about related party transactions or other conflicts of interest as they arise, and in addition the Audit Committee conducts an annual review of all related party transactions early in each fiscal year, after director and officer questionnaires have been received from management and the Board. Policies requiring review and approval of any transaction or arrangement with a director or executive officer that may present a conflict of interest are set forth in the Code of Business Conduct and Ethics, which states that such transactions will only be approved when the Audit Committee finds that the transaction is in the best interests of the Company even though it presents or appears to present a conflict of interest. The Company is not aware of any such transaction with any shareholder owning more than five percent of our stock who is not a director or officer, but any such transaction would be reviewed using the same guidelines as for officers and directors. The transaction described below was reviewed and approved by the Audit Committee using the Company's policies and procedures described herein.

*Lease Transactions.* During fiscal 2013, the Company leased an industrial facility from a partnership owned by Robert G. Culp, III, Chairman of the Board of Directors, and his spouse. The lease was assumed by the Company in connection with its August 2008 acquisition of the knitted mattress fabrics operation of Bodet & Horst USA, LP, as the leased facility contained the fabric manufacturing operations of Bodet & Horst. The facility contains approximately 63,522 square feet of floor space and is located in High Point, North Carolina. The term of the lease was through June 30, 2010, with one three-year renewal option. The Company and the lessor are currently negotiating a renewal of this lease and lease payments are being made on a monthly basis until the lease is finalized. Base rent for the leased facility during fiscal 2013 was \$12,704 per month. The lessor is generally responsible for maintenance only of roof and structural portions of the leased facility. The industrial facility is leased on a "triple net" basis, with the Company responsible for payment of all property taxes, insurance premiums and maintenance, other than structural maintenance. The Company believes that at the time the lease and any previous lease renewals were executed, the terms of this lease were no less favorable to the tenant than could have been obtained in arm's length transactions with unaffiliated persons. The total amount of rent paid by the Company under this related party lease during fiscal 2013 was approximately \$152,000.

*Life Insurance Transactions.* During fiscal 2013 the Company entered into two agreements with Mr. Culp, III and life insurance trusts that are the beneficiaries of life insurance on the life of Mr. Culp (and in one case, Mr. Culp's spouse) in connection with terminating split dollar life insurance arrangements that had previously been entered into in connection with Mr. Culp's compensation arrangements. The effect of the agreements was to terminate previous split dollar insurance agreements pursuant to which the Company had purchased life insurance policies on the life of Mr. Culp and his spouse, and pursuant to which the Company retained ownership of the policies and paid premiums to support the policies, with a right to receive the cash surrender value of the policies upon the death of Mr. Culp (or in one case the second to die of Mr. Culp and his spouse), with the designated beneficiary under the policy (the life insurance trusts) receiving the remainder of the policy's death benefit. The Company suspended payment of premiums under the policies during fiscal 2009 as part of the Company's 2009 profit improvement plan. Pursuant to the agreements, the Company sold the life insurance policies to the life insurance trusts for an aggregate purchase price of approximately \$716,000, representing the aggregate cash surrender value of the policies, and terminated the related split dollar insurance agreements. In recognition of termination of the split dollar insurance agreements and the suspended premium payments, and in recognition of Mr. Culp's continued service to the Company, the Company agreed to pay Mr. Culp, during the period of his continued employment by the Company, but in no event for a period longer than twelve years, an annual payment of \$60,000, as disclosed above in "Executive Compensation."

## SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, its executive officers, any persons who hold more than ten percent of the Company's common stock and certain trusts (collectively, "insiders") to report their holdings of and transactions in the Company's common stock to the Securities and Exchange Commission (the "SEC"). Specific due dates for these reports have been established, and the Company is required to disclose in this proxy statement any late filings and any failures to file that have occurred since April 29, 2012. Insiders must file three types of ownership reports with the SEC: initial ownership reports, change-in-ownership reports and year-end reports. Under the SEC's rules, insiders must furnish the Company with copies of all Section 16(a) reports that they file. Based solely on a review of copies of these reports and on written representations the Company has received, the Company believes that since April 29, 2012, its insiders have complied with all applicable Section 16(a) reporting requirements, except that Mr. Larson did not timely file a report for one transaction during fiscal 2013 that occurred as a result of a gift of shares to the Larson Foundation, and Mr. Culp, III did not timely file a report for one transaction during fiscal 2013 that occurred as a result of a sale of shares held by Atlantic Trust as trustee of the Robert G. Culp, Jr. Trust.

### AUDIT COMMITTEE REPORT

The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at [www.culp.com](http://www.culp.com) under the "Investor Relations/Governance" section. The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the Company's financial reports and information, systems of internal controls, and accounting, auditing and financial reporting processes. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent auditors and must pre-approve all services provided by the independent auditors. Both the independent auditors and the Company's internal auditor report directly to and meet with the Audit Committee.

Management has the primary responsibility for financial statements and the reporting process. The Company's firm of independent auditors, which for fiscal year 2013 was Grant Thornton LLP, is responsible for expressing an opinion on the conformity of the Company's audited financial statements with U.S. generally accepted accounting principles. The Audit Committee has reviewed and discussed with management and Grant Thornton the audited financial statements as of and for the year ended April 28, 2013. The Audit Committee has also discussed with Grant Thornton the matters required to be discussed by Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as amended (AICPA, Professional Standards, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, the Audit Committee has received from Grant Thornton the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with Grant Thornton its independence from the Company and its management. The Audit Committee also has considered whether Grant Thornton's provision of non-audit services to the Company is compatible with the concept of auditor independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended April 28, 2013 for filing with the Securities and Exchange Commission.

The foregoing report has been furnished by members of the Audit Committee.

## FEES PAID TO INDEPENDENT AUDITORS

The following table sets forth the fees billed to the Company by Grant Thornton LLP for services in fiscal 2013 and fiscal 2012.

	Fiscal 2013	Fiscal 2012
Audit Fees	\$ 416,100	\$ 380,550
All Other Fees (1)	--	5,800
Total	\$ 416,100	\$ 386,350

(1) All other fees consists of fees for audit services required for compliance with the procedures imposed by a job creation grant with the Quebec government.

The Audit Committee's policy is to approve in advance all audit fees and terms and all non-audit services provided by the independent auditors. Under the policy, and in accordance with the Sarbanes-Oxley Act of 2002, any member of the Audit Committee who is an independent member of the Board of Directors may approve proposed non-audit services that arise between committee meetings, provided that the decision to pre-approve the service is presented at the next scheduled committee meeting. The Audit Committee pre-approved 100% of the services provided by Grant Thornton during fiscal 2013.

### PROPOSAL 2: RATIFICATION OF INDEPENDENT AUDITORS

The Audit Committee of the Board is responsible for the appointment, compensation and retention of our independent auditors. Grant Thornton LLP served as the independent auditors for the Company for fiscal year 2013. The Board of Directors recommends that the shareholders ratify the appointment of Grant Thornton LLP to serve as the independent auditors for the Company for fiscal year 2014. If the shareholders do not ratify this appointment, the Audit Committee will consider other independent auditors.

Grant Thornton LLP has served as the independent auditor for the Company since 2007. Representatives of Grant Thornton LLP are expected to attend the Annual Meeting and will have the opportunity to make any statements they consider appropriate and to respond to shareholders' questions.

**The Board of Directors recommends a vote "FOR" the proposal to ratify the selection of Grant Thornton LLP as independent auditors for fiscal year 2014.**

### PROPOSAL 3: ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") and Section 14A of the Securities Exchange Act of 1934 require that shareholders vote on an advisory resolution approving the compensation policies and procedures for the Company's named executive officers. A list of named executive officers is provided in the "Summary Compensation Table" on page 23. This advisory vote, commonly referred to as a Say on Pay vote, is non-binding.

As outlined in the Compensation Discussion and Analysis beginning on page 14, the primary purpose of the Company's executive compensation program is to support the corporate business goals of increasing earnings, return on capital and shareholder value. To that end, the compensation program focuses on four secondary objectives:

- Embracing a pay for results philosophy. Total pay will be directly aligned with Company performance success through the use of management incentives;
- Attracting and retaining management with the skills to lead the Company successfully;
- Fairly compensating management for their service to the Company, which helps to retain and motivate them; and
- Aligning long-term interests of management with those of shareholders.

In support of these secondary objectives, the Compensation Committee, which is comprised exclusively of independent directors, provides compensation for our executive officers, including named executive officers, that represents conservative salaries coupled with challenging performance metrics and variable incentives. As such, our executive compensation program is sensitive to the following factors:

- (1) The compensation paid to executive officers at comparable companies, but accomplished through lower salaries and higher incentive opportunities;
- (2) Each individual officer's assessed performance contribution to the Company; and
- (3) The Company's financial results compared to challenging performance targets.

Relying on these three factors, the Compensation Committee has developed a compensation program that includes a mixture of fixed and performance-based compensation. Fixed compensation reflects executives' performance and contribution to the Company as well as base salaries of executives at comparable companies. Performance-based compensation includes both annual bonuses tied to achievement of pre-established, short-term financial goals and equity awards designed to align executives' long-term interests with those of shareholders. The Company encourages shareholders to read the Executive Compensation section of this proxy statement for additional information on compensation policies and procedures. This material is found on pages 14 to 29.

In addition, our corporate culture and compensation philosophy calls for rewarding successful results, rather than effort, through performance-based and variable incentives. Our compensation program is intended to support the following:

- A balanced time perspective as relates to the long-term and the short-term;
- Being more team oriented than individual accountability oriented;
- Continuing to be a market leader in terms of product innovation within our industry;
- Prudent/calculated risk taking;
- A planned and disciplined approach to managing the business and the utilization of capital;
- Decision making that is decentralized as pertains to sales, marketing and operations, and centralized as pertains to strategic matters; and
- Maintaining a strong focus on growth, return on capital and shareholder returns.

Because the Board of Directors and the Compensation Committee believe these compensation policies, procedures and our corporate culture and compensation philosophy advance the Company's short- and long-term interests, the Board recommends an advisory vote "for" the following resolution:

"RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Securities and Exchange Commission Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative disclosures in this proxy statement."

While this vote is not binding on the Board of Directors, the Compensation Committee will consider the vote results when making future executive compensation decisions.

**The Board of Directors recommends a vote "FOR" the advisory resolution approving the Company's executive compensation.**
